

HEINRICH BÖLL FOUNDATION

WORLD SUMMIT 2002

JOHANNESBURG

cordially invites you to the

Global Energy Forum at WSSD PrepCom IV

"Towards A Sustainable Energy Strategy"

highlighting global challenges in the energy sector.

Why do we need a Global Energy Strategy? What are basic elements of such a strategy? Responsibilities of North and South.

Date: 6 June, 2002

Time: 14.00 - 16.30h

Place: Singaraja Room Grand Hyatt Nusa Dua, Conference Complex, Bali

Heinrich Boell Foundation Germany invited international experts of renown and distinguished leaders to explore the scope of global policy principles in the field of innovative energy development.

After a Welcoming Speech by the Foundation's Executive Director Barbara Unmüssig there will be an expert panel discussion on

- ◆ Expectations of the South
- ◆ Closing the Supply Gap
- ◆ Climate Protection
- ◆ Alternatives

with prepared input-speeches by

- ◆ Dr. Felix C Matthes of Oeko-Institut who will explore the issue of efficiency in energy production and consumption.
- ◆ Witoon Permpongsacharoen, Member of the National Social and Economic Advisory Council, Thailand and the Director of the TERRA, who will present insights into the energy markets of the south, using the interesting example of Thailand.
- ◆ Ogunlade Davidson, Director EDRC (Energy and Development Research Center) who will comment on the potential of sustainable energy technologies for poverty eradication (tbc).
- ◆ Mr Klaus Baumann, representative of RWE AG who will outline the role of the private sector for sustainable energy development.
- ◆ James Bond, Director Mining Department of the World Bank, who will give insights into the topic of „Financing the Energy Transition“

The energy expert Dr. Felix C. Matthes will present some draft ideas of a study that is being carried out by the Oeko-Institut to make expert-recommendations for an innovative Global Energy Strategy and will, together with Barbara Unmüssig, Executive Director hbf, wrap up the results of the meeting.

Heinrich Boell Foundation intends to present the results of the Global Energy Strategy at the World Summit In Johannesburg.

Other prominent guests of the Boell-Foundation include Dr. Jorge da Conceição Teme, Vice-Minister for Foreign Affairs and Cooperation of the Democratic Republic East Timor and Martin Khor, who intend to speak at our presentation of the "Jo'burg Memo: Fairness in A Fragile World " on June 5 (14:00-17:00h, at the Singaraja Room, Grand Hyatt Nusa Dua./Bali).

The Heinrich Boell Foundation is one of the major independent political foundations in Germany.

The preparatory process for the World Summit on Sustainable Development is a key issue of the Foundation's work.

The Heinrich Boell Foundation was founded in 1997 to stimulate socio-political reforms world-wide: To promote peace, democracy, human rights, sustainable development, global justice and fairness. The Boell-Foundation strives to protect the environment and wants to make relevant contributions to create and ensure a good and dignified future for all living and coming generations.

The Foundation acts as a think-tank for German/EU policies and as a forum for international debate - continuing the courageous work of famous social critic and post-war writer Heinrich Boell who was awarded the Nobel Prize for Literature in 1972.
